Languages - Javascript, TypeScript, Python, SQL, PostgreSQL, HTML, CSS

Libraries - React, React Testing Library, Bootstrap, jQuery

Frameworks/Tools - Node, Express, Jest, Django, Flask, SQLAlchemy, unittest, VSCode, Git, Github, AWS S3

SOFTWARE ENGINEER EXPERIENCE

Software Engineer Intern   June 2023 – July 2023

Rithm School   *San Francisco, CA*

- Developed a cron job that was responsible for privately messaging instructors on Slack about lectures they have not made public by integrating the Slack API with our Django application
- Implemented a new tagging and tag search feature by creating two new custom models using the Taggit library and leveraged the Watson search plugin to search for content based on specific tags
- Refactored the current login page to display a unique welcome message and image for different cohorts by utilizing Django's template rendering system

TECHNICAL PROJECTS

Jobly   <u>Live Demo</u> | <u>Github</u>

- Utilized React Router for client-side routing, providing a seamless and responsive user experience with an average Google Lighthouse rating of 90
- Implemented user authentication and authorization using JWT tokens, ensuring secure access to protected routes
- Leveraged local storage to keep the user session active when the user leaves or refreshes the webpage

Warbler   <u>Live Demo</u> | <u>Github</u>

- Implemented user authentication and authorization functionalities, including user registration, login, and access control for protected routes
- Wrote comprehensive unit tests with a coverage rate of 83% to ensure code quality and stability
- Employed Flask-Bcrypt library to encrypt and store user passwords securely using one-way encryption

ADDITIONAL WORK EXPERIENCE

Social Media Strategist   January 2022– April 2022

Present Now - Internship   Malibu, CA

- Organized extensive research on the organization's target audience's social media behavior, interests, and online trends in order to curate a custom social media marketing strategy
- Attended weekly meetings with organization board members and team members in order to present my research and demonstrate the value of my findings
- Conducted three months of research regarding what social media strategy would best suit the client's needs

Assistant Property Manager   December 2017– December 2019

Kirkelie Enterprises   Sylmar, CA

- Introduced digital solutions for the file organization of commercial properties and investor accounts
- Assisted and established strong communication channels between tenants and the property manager
- Maintained accuracy and integrity of company finances by reconciling bank accounts for all five properties
